

THE DOVER FOUNDATION COMMUNITY GRANTS

The Dover Foundation is an independent, non-profit, 501-C3, all volunteer organization that has served the Dover community since 1947.

Our mission is to foster community spirit, cooperation, friendships and service within the town of Dover.

The Foundation is most known for outstanding theatrical performances, both plays and musicals, held in Dover, featuring Dover and surrounding community residents. We also support and join in other community activities such as the annual Town tree lighting and the Dover Music Festival. Proceeds from these activities, and an annual appeal, fund our generous scholarship awards and community grants.

Many Dover projects have also benefited from the Foundation's generous support, including the Channing Pond skating rink, tennis and summer playground programs (1950-1960's); Dover Choral Society, the Dover Dig, and Boy Scout cabin rebuilding (1970's); new stage curtains for the Dover Town House (1981); auditorium lighting for the high school (1993); Dover Music Festival, sound systems at the high school auditorium/theater, and Dover athletic programs (2000-2010's).

We welcome submissions requesting funding for community projects which will foster community spirit, cooperation, friendships and service within the town of Dover.

Applications for community grants can be found on the Foundations web site, TheDoverFoundation.com
